

I-215 NB/I-80 EB Collector Ramp Known as Rocky Road

Project Description: **Safety spot improvement**

This project will increase safety on the collector ramp by adding a center concrete barrier and widening the shoulders to eight feet on each side. The project will include construction of a retaining wall on the north side.

Total Project Budget: **Approx. \$1.6 million**

Anticipated Schedule: **Construction on this project is scheduled to take place during the 2006 construction season.**

NOTE: Schedule information listed above is estimated and could change without notice based on funding, scheduling constraints, stakeholder issues, and other unanticipated project elements.
